The E3 Foundation is a non profit 501(c) (3) organization focused on “Enhancing a high quality, well-rounded education for ALL students in the Etiwanda School District”. The E3 was founded in 2005 by dedicated educators, parents and business professionals who clearly recognize the need to support education in Etiwanda. The Etiwanda School District is built upon an abundance of traditions with high standards for excellence. The E3 Foundation represents yet another cornerstone of success for children. Our Foundation has been carefully planned to meet the current and future needs of the Etiwanda Students.

Our past fundraisers have helped to not only increase the budgets for each school by a substantial amount, but, just as importantly have increased the awareness of the Etiwanda School District’s excellent reputation to the community and with local business partners in the surrounding area.

The E3 Foundation is no longer a secret in the Inland Empire, but instead a strong support system for the Etiwanda School District. You are invited to be a part of this excellent and rewarding opportunity and have fun while doing it!
